

OPERATE ROADMAPS: BEGINNING US OPERATIONS

Operate in the US, *without the runaround.*

Entity paperwork and banking requirements are where international companies actually get stuck. Operate Roadmaps exist so that does not happen to you.

PENALTY PER UNREGISTERED STATE

\$500–\$50K

Typical fine range for operating without the foreign qualification a state actually requires, on top of back taxes owed.

ONE STATE'S CRACKDOWN

\$1.8M

What a single state recently fined more than 350 companies that assumed their home-state registration was enough.

THE ROADMAPS**Business Starter**

FOR: COMPANIES STARTING FROM SCRATCH, NO US ENTITY YET

A comprehensive structure for legal and financial operations, including entity setup and management, virtual office, banking, and bookkeeping.

Just Banking

FOR: COMPANIES WITH A US ENTITY STUCK ON THE BANKING SIDE

Short-term guidance for international companies experiencing bank setup barriers, including bank representation and introductions.

WHY WORK WITH US

- **White glove service:** A dedicated team who knows your business, not a self-service platform.
- **100% compliance:** Every filing and requirement handled correctly the first time.
- **No account left waiting:** If banking is stuck, that is exactly what gets fixed, without a generic queue.
- **Every filing tracked properly:** One team follows every registration through to done.

"I could end my workday knowing Foothold America would take care of everything."
